

Sky's the Limit.

"It's all right here. Great place to work-
Amazing place to live."

-John B. Rudi / President

THOMPSON METAL FAB, INC.

We landed here after recycling an old shipyard into a modern metal fabrication facility serving the Americas and Pacific Rim. We depend upon the Columbia River, rail system and freeways to transport our fabricated steel products.

Little did we know our products would someday support Portland's new aerial tram.

Our national and international visitors always remind us how fortunate we are to live here. With mountains, beaches and fishing so close, we work hard but still enjoy an excellent quality of life.

Portland - Vancouver USA

Land Here, Live Here.
